("NALSI")**, has been appointed as the official transportation carrier for the **"CMX/CIPHEX"**, held at the **Metro Toronto Convention Centre** over the dates of **March 22-24th, 2012**. It is not compulsory to use NALSI, but we strongly advise and recommend that you do. This service will also facilitate only one invoice for both your transportation & customs requirements.

Complete the enclosed **Order Form** and send to NALSI (Attention: Jeff Davis, E-mail: jdavis@nalsi.com). Please contact Jeff as soon as possible to schedule the pick-up of your materials.

CUSTOMS BROKERAGE SERVICES

The service of a customs brokerage firm is strongly recommended for all shipments originating outside of Canada. This will eliminate the possibility of materials being held at the border by Canada Customs due to improper or insufficient documentation resulting in these same materials arriving too late or not at all. **North American Logistics Services Inc. ("NALSI")**, has been appointed as the official customs broker for the **"CMX/CIPHEX"**, held at the **Metro Toronto Convention Centre** over the dates of **March 22-24th, 2012**. NALSI staff will assist exhibitors with their entry/import and return/export of goods.

NALSI will post the required bonds and securities with Canada Customs; clear your materials through Canadian Customs; prepare export documentation and bills of lading and arrange customs clearance for return ground/air freight. If you are shipping from the U.S., please find attached U.S. CBP Form 4455 Certificate of Registration. Be sure to mark the following in the body of your Air Waybill or Bill of Lading: "U.S. Certificate of Registration Form 4455 attached. Goods MUST be presented for examination by U.S. Customs prior to export from the U.S.A. and certified copies must be given to NALSI at event site." Prior to shipping, the enclosed **Order Form** and **Canada Customs Invoice** must be completed and sent to NALSI (Attention: Jeff Davis, E-mail: jdavis@nalsi.com). Three copies must accompany the shipment.

Exhibitors using their own broker will have to arrange their own bond or cash deposit with Canada Customs at the point of entry into Canada.

PRIVATE VEHICLES (PV)

With the introduction of AECE (Advance Electronic Cargo Information) on the U.S. side of the border, PAPS (Pre-Arrival Processing System) has become mandatory for most highway shipments entering the U.S. This program requires that all carriers/PV with commercial goods must fax shipment information to the Customs Broker at least 3 hours prior to their arrival at the border. The Customs Broker must then submit the shipment information, in the proper format, to U.S. Customs at least 1 hour prior to the carrier/PV arrival. Carriers who fail to meet AECE / PAPS requirements are subject to penalties. **Carrier/PV penalties are set at \$5,000.00 USD for the first infraction, and \$10,000.00 USD for each infraction thereafter.**

If you plan to drive to the show with your goods, please contact NALSI at once for further instructions!
